BRIDGESTONE SUPERCUP: OCTOBER 10TH-11TH, SECOND AND LAST ROUND

The intense international race calendar which requires teams to be at the track every weekend, has not made it possible to find a suitable location for the second round of the Bridgestone Supercup.

For this reason the race scheduled on April 3rd and 4th will not be recovered and the International Bridgestone Supercup Trophy will take place on two rounds.

The final round of the Bridgestone Supercup will take place as planned on 10th and 11th October at the South Garda International Circuit (Lonato - Italy) and the prize money will not be the least affected, with not less than € 40,000 (forty thousand) of prizes, most of which in cash, which will be awarded to the four competition categories, KZ, KF, KFJ and Mini Rok.

The system of point allocation has been studied from the beginning to be increasing, so as to allow all drivers to have large chance of success.

As mentioned, the prize pool is fully confirmed and we want to remember, this is one of the highest that international trophies has ever seen, with € 30,000 (thirty thousand) in cash (after tax) that will be given to winners of the KZ, KF and KFJ categories. The rest of the amount, € 10,000 will be delivered in the form of vouchers and technical material.

To bring to mind the excellent prizes offered by Bridgestone and to take stock of the Bridgestone Supercup's calendar and regulations, we list below a brief summary diagram.
