SOUTH GARDA KARTING - LONATO (BRESCIA, ITALY)

NOVELTIES IN LONATO AHEAD OF THE WINTER CUP 2017

The South Garda Karting circuit keeps innovating and is about to adopt the new barcode system and scanner to check tyres, starting from the next Winter Cup scheduled for 17-18-19 February 2017. The 2017 race calendar has also been defined.

Lonato del Garda (Brescia, Italia). The South Garda Karting circuit is getting ready for the forthcoming sporting season with a series of improvements that will deliver some other useful services to drivers.

The renovation of the circuit has been completed at the beginning of 2016 and these works made the spectacular new layout reach 1.200 meters. Following all the other innovations like the latest generation Apex timing system – South Garda Karting is the first track in Italy using and managing this system, and the effective CCTV system, the circuit of Lonato is now ready to unveil another novelty that is destined to make checking operations more efficient. The South Garda Karting will in fact adopt the innovative barcode system to check tyres since the first race of 2017, the 22nd Winter Cup to be held next 17-19 February. Such a system will speed up all the verification

procedures ahead of the start of each race and will further improve the level of fairness granted to all drivers.

Entry lists of the 22nd Winter Cup, race scheduled for next 17-18-19 February, are already open. Admitted categories are Mini Rok, KZ2, OK and OK-Junior, with all categories fitting Bridgestone tyres. Subscriptions must be sent through the website www.southgardakarting.it and entry fees will have to be paid by credit card.
